

Sunice is off and running with Team USA at Killeen Castle as the Solheim Cup kicks off.

Sunice president, Mark Fletcher and Managing Director, Jon Camp, are on location in Ireland and feeling the excitement as Team USA gears up for the weekend ahead.

“The Team outerwear looks fantastic and we are very happy with the end result. We know we have a winning suit and that the team will be dry and comfortable as it looks like the forecast will deliver some classic Irish September weather. We wish the team success”.
